PEARSON SAYS ACTIVITY OF UNCLE SAM IS DUE TO AN APPEAL OF DIAZ

WANTS SENDING OF ARMS ACROSS THE BORDER TO STOP

Mobilization of Troops Goes on and Marines Expect to Land on Texas Coast Instead of at Cuban Port.

MINING INTERESTS REFUSE TO QUIT WORK

General Impression in Washington is That Movement of Troops Means Action in Mexican Matter.

Associated Press
London, March 8.—Sir Edward Grey, foreign minister of Great Britain, has been present at the Mexican North-Western Railway conference, who is now in Mexico City, under a promise to delegates that the situation in Mexico is unchanged in the last two weeks. President Diaz is in usual health. He says that the expansion of the American mobilization is generally accepted at the Mexican capital, as a move taken in response to a request from the Mexican government that the United States pass a law to supply arms and ammunition which the rebels are receiving by sea and across the frontier.

Deny Insincerity.
London, March 8.—This afternoon the foreign office authorized the announcement that no instruction of any kind had been sent to Ambassador Dixie at Washington from London in regard to events in Mexico.

War Operators Busy.
New York, March 8.—An interesting sidelight on the war preparations at New York, which includes the movement of 6,000 troops from eastern ports to the Texas border, is the preparations of the Western Union and Postal Telegraph companies, making ready to handle heavy government and newspaper business from San Antonio and Galveston.

Twenty-five of the Western Union's most experienced men leave New York for Texas today to reinforce the offices in San Antonio and Galveston. The Postage "star" operator also starts south today.

Marines Sail Today.

Philadelphia, March 8.—Seven thousand marines will sail from the Philadelphia navy yard this afternoon on their way to San Juan tomorrow on the 25th.

Their ultimate destination is Guantanamo bay, but many believe they will be landed at a Texas port.

Movement of Troops.

Washington, March 8.—Telegrams are pouring into the headquarters of the army showing that the movement of troops to the southern frontier is proceeding with the smoothness of clockwork. Since the entire force of 20,000 men entered the border it has gone to cover the lower part of Texas or California.

The troops are equipped with battle cartridges. Now threatening this potential Washington still maintains that the government is making a plan of attack to determine the efficiency of the fighting arm of the country in conducting an short period.

With this in hand the general impression prevails that the sudden and vigorous military activity has a definite bearing relation to the revolutionary movement in Mexico and that this government is preparing for any eventuality that may develop with the progress of the revolt against President Diaz.

The orders to the troops state that the summer and autumnal movement by Mexico and that this government is preparing for any eventuality that may develop with the progress of the revolt against President Diaz.

The navy department continued its preparations for the dispatch of the 6th division of the Atlantic Fleet and a large detachment of marines to Guantanamo, Cuba.

The armed cruisers of the division are being loaded and supplied with all possible speed.

Jump Limantour.

Washington, March 8.—Dr. Francisco Vasquez Gomez, confidential agent here for the Mexican revolutionary party, today made a reply to Jose Ives Limantour, who gave out an interview in New York yesterday. Dr. Gomez declares that the minister of finance is part of the "system" of the Diaz government, and as such his suggestions with reference to the cessation

RAILROADS DEMORALIZED

Three days' Rain in California Ties Up Several Different Lines

Associated Press
San Francisco, March 8.—Train service is still suffering from the effects of a snowstorm which has swept the state the last three days. The overland routes of the Union and Southern Pacific will be tied up until tomorrow night by snowdrifts between Randsburg Gap and Cisco.

The coast route of the Southern Pacific will hardly be in operation before Friday. The Shasta route is also tied up and is expected to be open to the Western Pacific reports. Workmen at Shasta canon and gorges of Feather River canyon. The South Pacific reports all lines clear.

ARRESTED FOR HOLDUP

Young Men Accused of Robbing Overland Limited on Union Pacific

Associated Press
Denver, Colo., March 8.—Victor Chavis is under arrest at Mount Clemens and Bertie Ohara at Sandusky, Mich., suspected of being implicated in the robbery of the Overland Limited on the Union Pacific near Ogallala, Utah, January 2nd, at which time a Pullman porter was shot and killed.

The two young men recently released from Salt Lake City, Ohara is the son of well known doctors in Palms, Mich., Chavis' father is a farmer.

KILLED ON WAY WEST

End Who Wanted to Be Cowboy Killed While Riding Freight Train.

England Is Aroused.

London, March 8.—The longing of Harold Plumb, the 18-year-old English youth, to be a cowboy, led to his death. He was found in a car of iron piping in the railroad yards. The sudden jolting of the car in which he was sleeping caused the pipes to roll and crush him to death. The boy was formerly a ward of the Chicago police, who rescued him from a gang of tramps. He had started west to become a cowboy. The boy was a son of Capt. William Plumb of the English navy.

WILSON WITHDRAWN AS AMBASSADOR

For Diplomatic Reasons His Activity in Behalf of Americans in Mexico Made Him Unpopular.

Mexico City, Mexico, March 8.—It is understood in the City of Mexico from high authority that Henry Lane Wilson, American ambassador to Mexico, has been recalled at his own request and that Mr. Wilson will soon move from the republic. Mr. Wilson is now visiting in the United States.

The reason that Mr. Wilson wishes to leave Mexico is generally assigned to the fact that from the beginning of his residence here he has never been admitted into the friendship of the government. Americans have been unsound. No little influence has been used in the American embassy to cause Mr. Wilson's recall.

From time to time the state department in Washington has been advised of many of Mr. Wilson's public remarks from the time he first addressed the Society of the American Colonies at a banquet in his honor when he first reached this country up to the time of the so-called anti-American demonstration at the beginning of the recent revolutionary troubles in Mexico. Many remarks have been attributed to Mr. Wilson that would tend to create an unkindness for all Americans in Mexico, and the Spanish newspapers of the country have frequently attacked Mr. Wilson's policies and utterances and have said that his friendship between the United States and Mexico had at last degenerated into mere politeness.

Of these newspapers El País, the Catholic organ, closed in orders of the government on February 18 last, was most bitter in its denunciation of the American ambassador.

On the other hand, the friends of Mr. Wilson insist that no other representative of the American government in Latin-American countries has shown the same fellow-feeling for Americans, and has worked harder to cause redress of wrongs done to them than Mr. Wilson. They point out that his diplomatic career in the City of Mexico has been almost one long protest, reaching over a year, and that no one has called on him for help in just cause but that they got it.

Many of these Americans say that Mr. Wilson has given Americans in Mexico better service than they have before received from an American ambassador here.

MEXICAN EMBASSY DENIES THAT MEXICO WANTS OUR AID

Emphatic Denial is Made of Report That Movement of Troops is for Purpose of Protecting Diaz Government.

LONDON AROUSED BY PRESIDENT'S ORDER

Looks With Apprehension on Chance That United States May Want to Annex Mexico to Her Domain.

Associated Press
Washington, March 8.—The Mexican embassy today issued a statement branding as groundless reports that the Mexican government is looking to the United States for aid in regaining its internal affairs.

The embassy says the means and the power, and is supported by pure opinion to enable it to suppress the insurrection, the statement says. This embassy affirms categorically that Platt and Converse were taken prisoners in Mexican territory and not on American soil, as has been repeatedly represented by the press.

The Americans referred to joined the insurgents, were captured by federal troops and are now in prison in Mexico. It had been stated that they were taken after they had crossed the boundary into the United States.

The embassy is 20 by 20 feet. The back room is 12 by 12. The end room is 15 by 18. Anterooms of all kinds and descriptions are supplied for modest convenience for the benefit of the members has been supplied.

This is the headquarters for the grand lodge of New Mexico and four rooms have been set apart for the use of the grand lodge. There are three rooms in the building for the safe keeping of valuable belongings belonging to the lodge.

There are test rooms, the hall, cross room, cloak rooms, committee rooms, every possible convenience.

The Masonic temple is for the assembly of six hundred Masons.

Also constitute Hall of Masons Temple A. A. O. N. M. S. It is for the Masons of Albuquerque, constituting Lodge No. 8 A. A. M. and allied bodies, consisting of Rio Grande Chapter No. 4 R. A. M. Asilom Commander No. 5, G. E. S. and Pilgrim Commander No. 3 K. T.

RUEF GOES TO THE PEN.

Former Political Boss of San Francisco Enters Upon 14 Year Sentence.

Associated Press

San Francisco, March 8.—Abraham Ruef was sent to San Quentin late yesterday to begin his 14-year term for the bribery of supervisors during the regime of Mayor Eugene E. Schmitz.

As one final concession to the fallen boxer, he was released from the county jail late to the penitentiary in a taxicab instead of the regular van.

Ruef anticipated the usual prison treatment by having his mustache removed and his hair cropped closely before his departure. Only a handful of his former lieutenants and friends were at the ferry to bid him farewell.

Warden Hoxie of San Quentin has announced that Ruef will be put in work in the fate mill of the prison.

Attorneys for the prisoner will continue their fight for his liberation by making application to the supreme court for a re-hearing, and that failing, the intervention of the federal court may be sought.

KOREA FIGHTS PLAGUE.

Fresh Air Cure is Being Used Following Instruction of Medical Missionary.

New York, March 8.—Tuberculosis is being fought even in northern Korea, according to a recent report from Dr. Edwin M. Kent, received by the Methodist board of foreign missions. Dr. Kent, who is a medical missionary stationed at Hailju, says that since he established a dispensary at the little hospital in that city the people of the entire community are leaving their doors open at night, for few of the houses have windows. The native attendants at the hospital are now so accustomed to the regular instructions about fresh air that they call this sort of advice "eggs," and at a sign from the doctor will dispense volumes of it to the unsuspecting sufferer. Such has become the hospital's reputation for fresh air advice that a native living in Hailju expressed himself as only waiting for warm weather before going to the hospital, "for," he said, "the doctor will urge me to leave the door open and that is very hard in cold weather."

NO ELECTION.

Denver, March 8.—There was no election in today's senatorial ballot.

Masonic Temple is Magnificent Edifice in Every Respect

Headquarters for the Grand Lodge in New Mexico Will Be Largest in Territory; Dedication Soon.

It is now thought that the Masonic temple will be ready for dedication in April 21. The cornerstone was laid last August and work is being carried on to complete the magnificence during the coming month.

When the final touch is given and the finishing in many details it will make the proud structure one of the largest Masonic temples in the Southwest. It will be 100 feet in length, 50 feet in width, 30 feet in height, and will contain 1,000 persons.

The interior decorations, walls, ceiling, floor, etc., will be of white marble, and the walls will be 12 inches thick. The ceiling will be 18 inches thick, and the floor will be 12 inches thick.

The entire structure, from basement to roof, is a work of art in the memory of those who conceived it. The main room is 20 by 45 feet. The grand balcony is 25 by 50 feet, and will seat 1,000 spectators.
